Pitchers Booles, Muson and Rumsey, outfielders Deakins and Brown have been cut out of the Maverick berd and are now on the open range waiting for

The board of directors of the baseball club met Monday afternoon and decided on the radical action regarding the three pitchers and two outfielders. Other men are to be brought on from the various lengues which have just closed the senson and the club will be strengthened, the directors say, with a new pitching staff.

Jackson, formerly first baseman on the club, will return Friday and will be assigned to one of the outfield post; ions temporarily. The reason given for the release of Booles and Rumsey was that both men were not in pitching form,

Pitcher Ables, the San Antonio slabman of the Texas league, who has a reputation which extends beyond the confices of the longhorn lengue, has been signed as one of the pitching staff of the El Paso club and will leave San Antonio Wednesday morning, according to a message received by H. S. Potter. Another pitcher is to be secured as soon as possible.

Stovili, also from the Texas league, is to be assigned to the outfield of the Mayericks and Jackson is expected to arrive in time for the Saturday game. The opposition for this series has not yet been decided, although it will be either Bisbee or Morenci, probably the latter.

This Man a Record Player

Frank Schulte, the happy-go-lucky fight fielder of the Chleago Cubs, th prospective National league pennant winners, who has set a major league record by his great work at the bat against the Giants in the series recently ended. This series was characterized by the phenomenal number of home runs made by the Cubs in the four games. Seven of these were credited to three players of the tenm, and Schulte made four of them. For opportune "fine playing," Schulte is considered to have top-notched anything in the baseball line for the season of 1910.
